Congressman Money and Hall Settle a Difference With Their Fists—Possibility of Congressional Adjournment May 18—To Restrict Immigration—Senator Talk of Corruption

Washington, April 24.—Congressman Money (dem.), of Mississippi, senator-elect from that state, and Congressman Hall (dem.), of Missouri, had a personal encounter in the room of the committee on naval affairs Thursday, and it is said that Mr. Money was hit on the head with a chair. The details of the cause of the encounter were hard to obtain. Mr. Hall, when seen immediately after the fight, said he did not desire to make a statement. "It was a personal matter," said he, "and I do not desire to say anything. I do not suppose Mr. Money, either, will dare to make a statement. Mr. Wilson, a member of the sub-committee, was present."

There were present in the committee-room, in addition to the two combatants, Commodore Philbin and Representative Meyer of Louisiana and Wilson of New York, members of the committee. The altercation was over Mr. Wilson's bill for the re-organization of the personnel of the navy. An anonymous circular against the bill figures in the controversy. When asked whether weapons were drawn Mr. Wilson refused to affirm or deny a statement made to that effect by a friend of Mr. Money's.

Mr. Money was conveyed to his hotel by friends. Mr. Hall remained at the capitol. He expressed regret for what had occurred, but still declined to make a statement.

SENATORS TALK OF CORRUPTION.

White Men Spoil the Scheme for Government of the Indians.

Washington, April 24.—The Indian appropriation bill was taken up in the senate Thursday, the question being on Mr. Platt's amendment extending the services of the Dawes commission with a view to the taking a roll of the Cherokee and kindred nations. The commission is given directions toward terminating the tribal relations of the Indians and dividing their lands in severalty. The debate was protracted. In the course of it Mr. Vest (dem., Mo.) spoke of the conditions of the Indian territory as constituting a national pest-house and a nuisance, a harbor of refuge for criminals, depreciating property in adjoining states one-third. Mr. Jones (dem., Ark.) spoke vehemently against the rule of crime and outrage in the Indian country and appealed to the senate to put an end to it by this reformatory amendment. Mr. Bate (dem., Tenn.), on the other hand, spoke of the "bummers, land-grabbers and thieves seeking to rob the Indians and who would be given further powers by this amendment."

Mr. Platt, author of the amendment, declared that nowhere in Russia, Armenia or Cuba do more brutal and savage conditions exist than in this Indian country. Five hundred white men, masquerading as Indians, had seized the property and the government of the Indians, making the experiment of Indian self-government a failure. The money appropriated for these Indians was used in hiring lobbyists to send here and prevent legislation.

Mr. Platt declared that he had never, during his senatorial service, known of the use of so much money on lobbies to defeat legislation. It was time congress put an end to this foul blot and disgrace on our national honor. After further debate the presiding officer ruled the entire amendment out on the point of order made by Mr. Walthall (dem., Miss.) that it contemplated "general legislation."

Several minor amendments were made to the bill, the most important being the insertion of the item of \$1,600,000 for payment of the Cherokee outlet fund, which had been struck out by the committee. The Indian appropriation bill, as thus amended, was then passed.

MAY ADJOURN MAY 18.

Republican Senatorial Caucus Favors the Proposition.

Washington, April 24.—The republican senators held a brief caucus on Thursday for an exchange of views on the subjects of final adjournment and order of business before adjournment. Senator Chandler suggested that adjournment ought to be possible by May 18, and was supported in his opinion by an almost unanimous vote of the caucus. Brief speeches were made by Senators Allison Frye, Cullom and other senators, all concurring in the opinion that an early adjournment was desirable and possible. It was the general opinion that the appropriation bills should be kept to the front until disposed of and no more adjournments over Saturday are contemplated. Senator Sherman was authorized, as chairman of the caucus, to appoint a steering committee of nine to take charge of the details as to the order of business in case it was found possible to consider other than the appropriation bills.

TO RESTRICT IMMIGRATION.

Friends of the McCall and Stone Bills Hope to Secure Consideration.

Washington, April 24.—Notwith-

standing the fruitless caucus recently held on the immigration question by the house republicans, members who are interested in legislation to reduce immigration are still making efforts to secure consideration of one of the two bills reported from the immigration committee. There is a possibility that the immigration committee may be reached in the call of committees in the house within a few days. In that event Chairman Bartholdt will call up the McCall bill to impose an educational test on immigrants. If the committee does not secure a day in the regular order soon a petition will be presented to the committee on rules asking a day or more to be given to debate on the McCall bill. A petition bearing more than one hundred names of republican members has already been laid before that committee asking for time for consideration of the Stone bill.

LOUD TALK OVER PENSIONS.

Gentlemen Become Excited in Recalling the Time of War.

Washington, April 24.—In the house Thursday, consideration of the Pickler general-pension bill being resumed, Mr. McClellan (dem., N. Y.) spoke in opposition to the measure as intended as a republican sop to the soldiers and a reflection on the administration of the pension laws by the present executive officers.

Mr. Talbert (dem., S. C.) was particularly opposed to that paragraph permitting deserters from the confederate army to draw pensions.

Mr. Mahany (rep., N. Y.) supported the bill, and remarked upon the strange sight of a son of Gen. George B. McClellan standing on the floor of the house opposing justice to the men whom his father had led to battle. He then turned his attention to the gentleman from South Carolina "blocking pension legislation while the men who saved the union were starving in the almshouses." A bitter personal controversy followed between Mr. Mahany and Mr. Talbert.

Would Also Admit Oklahoma.

Washington, April 24.—The house committee on territories decided, by a vote of 6 to 2, to report favorably a bill to admit Oklahoma to statehood. Those who voted in favor of the proposition were Messrs. Scranton, Perkins, Avery, Harris and Hadley, republicans, and Cooper of Texas, democrat. Those who voted in opposition were Messrs. Knox and Taft, republicans.

To Take Up Bankruptcy Bill.

Washington, April 24.—Chairman Henderson, of the judiciary committee, has introduced in the house a resolution providing for the consideration of the bankruptcy bill Tuesday, Wednesday and Thursday of next week, with a vote Thursday.

QUAY THEIR LEADER.

Pennsylvania Republicans Support Him for President.

Harrisburg, Pa., April 24.—The republicans of Pennsylvania assembled here in convention Thursday and formally launched the boom of Senator Matthew S. Quay for the presidential nomination. This feat was accomplished amid scenes of much turbulence. The violent scenes were the result of the efforts of the anti-Quay delegates to secure the adoption of a resolution naming McKinley as the second choice of the convention. After an exciting debate the proposition was defeated by a vote of 178 to 65.

The platform adopted by the convention affirms the loyalty of Pennsylvania republicans to the party. Protection is declared to be the first of national issues, restoration of the reciprocity policy of James G. Blaine is demanded, and discriminating duties in favor of American shipping are approved. The financial plank says: "Faithful to the record of the republican party, believing that the people are entitled to the use of the best money and anxious to restore and preserve the industrial and commercial prosperity of the union, the republican party favors international bimetalism, and until that can be established upon government account it demands the maintenance of the existing gold standard of value." Other resolutions denounce the administration for its "attempts to nullify pension laws," favor restriction of immigration and commend the state administration.

SAAIN MAY YIELD.

Rumor That an Understanding Is Likely to Be Reached.

Madrid, April 24.—The report that an understanding is about to be reached between Spain and the United States in regard to Cuba is favorably received in financial and commercial circles. It is obviously the prevalent impression that the best course of Spain is to bow to the pressure of circumstances before it is too late, and do with good grace what possibly may yet avert Cuban independence, as procrastination and misguided postponement of tardy concessions may lead to a conflict with the United States. The Herald maintains that the United States has semi-officially approached Spain on the subject of political reforms in Cuba.

To Fight Free Silver.

Chicago, April 24.—Two hundred or more democrats met last night and perfected the preliminary plans for the campaign against the advocates of free silver. Chairman Robbins was directed to appoint an executive committee of twenty-one and a committee of five on halls and speakers. These committees he will announce today.

TRIAL OF JACKSON IS PROGRESSING

STRAIN BEGINS TO TELL ON THE ACCUSED MAN.

Mrs. Bryan, the Mother of the Murdered Girl is Put on the Witness Stand—Colored Waiter Also Testifies—Doctors Tell of the Death Wounds.

Newport, Ky., April 24.—The terrible strain under which Scott Jackson has been since his arrest, and especially since the beginning of the trial, is at last beginning to make its imprint on his features. Unless his sunken eyes belie the facts, Jackson has spent many restless hours during the last few days. The defendant's mother is either in Newport or expected here soon.

Col. Crawford took up the first hour of court Thursday morning arguing his objections to the admission of the statements made by Walling and Jackson, as told by Mayor Caldwell while on the stand. He insisted that Walling had an object in making the statement that he was under arrest on a charge of murder, and that it was to his interest to hang Jackson, even though he was not guilty.

There was considerable wrangling over the question, and Judge Helm finally took the matter under advisement.

Dr. J. O. Jenkins was called for cross-examination. His reason for believing the head had been cut off while life was still in the body was the absence of blood in the tissues. Dr. Jenkins admitted there could have been retraction of the skin.

Dr. F. W. Fishback was next called. He corroborated the evidence of Drs. Caruthers and Jenkins concerning the absence of blood and the condition of the wounds. He thought it would take about ten minutes to skillfully decapitate a body as this one was.

After the noon adjournment Judge Helm rendered his decision regarding Mayor Caldwell's testimony. He declared the evidence admissible and instructed the jury to only consider Walling's statement to the mayor in deciding whether Jackson admitted the truth of them.

Dr. Litteral of Leesburg, Ohio, took the witness stand. He was intimately acquainted with Jackson for several weeks prior to his arrest; had conversation with Scott Jackson about ten days before the finding of the body. "He said he had disputed the effects of cocaine with Walling and asked me if ten grains of the drug would kill a person. I told him I thought it would. I roomed at the same place he did in 9th street."

Mrs. Bryan, mother of the victim, was called to the witness stand. She said she was familiar with her daughter's form, and that it was hard for a mother to be deceived in the form of a child. Witness recognized the scar on her hand and warts on her fingers. Mrs. Bryan identified the clothing and in response to Mr. Nelson's request pointed out the defendant in court. Mrs. Bryan retained wonderful composure while on the stand and told her story in a quiet, unassuming manner.

Jackson sat unmoved with his eyes cast to the floor, during the mother's examination.

Allen Johnson, the colored prize-fighter, was called. Testified that on Friday, Jan. 31, Jackson came into the Wallingford wine-room between 6 and 7 o'clock with a lady. They went in wine-room or stall No. 4. Jackson and the lady remained in the stall about twenty minutes. All three of them then got into a cab. Witness positively identified the dress and hat as the ones worn by the lady who accompanied Jackson. Defendant had on Alonzo Walling's cap and a light overcoat. Witness had seen Walling wear it frequently; identified a cap handed him as the one Jackson wore.

Court adjourned at 5 o'clock, with Johnson still on the stand.

HAD AN ACCOMPLICE.

H. H. Holmes Sends a Letter to Coroner Castor to That Effect.

Indianapolis, Ind., April 24.—Two letters from H. H. Holmes reached here Thursday. One was directed to Coroner Castor, who has agreed to go to Philadelphia Saturday, and the other is to H. W. Bullock, the attorney who has represented the murderer here. He explains in the two letters that he realizes that there is no chance to save his life, but he wishes the money he received for his confession to be used in proving that he had an accomplice in the Indianapolis and Toronto crimes.

In his letter to his attorney Holmes says it is his earnest wish that after his execution the whole of the mystery surrounding the murder of the Pitzel children be cleared up. He says that immediately after his execution Attorney Rotan will come to Indianapolis, and will stay here "until the last straw is thrashed out."

Instruct for Levering.

Baltimore, Md., April 24.—The prohibitionists held their state convention here Thursday. The following resolution was unanimously adopted: "Resolved, That Maryland presents the name of the Hon. Joshua Levering to the Pittsburgh convention, and that our delegates be pledged to support his nomination for the presidency." The platform reaffirmed the principles of prohibition.

THE NEWS BY CABLE FROM OVER THE SEA

FRENCH CABINET BOWS TO THE SENATE.

Tee Country Once More the Throes of a Parliamentary Crisis—Town of Buluwayo, South Africa, Cut Off From All Communication With Civilization.

Paris, April 24.—The Bourgeois cabinet has resigned.

The resignation was announced by the premier immediately upon the reconvening of the chamber of deputies, and at the conclusion of the announcement M. Bourgeois and his colleagues withdrew.

According to the newspapers here, President Faure has declined to countersign the bill providing for the revision of the constitution which the premier, M. Bourgeois, wished to submit to the chamber of deputies when that body reassembled as a result of the special summons following the action of the senate in postponing the vote on the Madagascar credits.

It is added that in view of the president's refusal to sign this bill the members of the radical left party have decided to introduce a motion denying the senate the right to be the sole interpreter of the constitution and demanding that a meeting of the national assembly be called to decide the questions in dispute.

Bourgeois, in announcing the resignation of the ministry, read the statement contesting the right of the senate to overthrow a ministry or to be the sole interpreter of the constitution, but, he added, in view of the impossibility of securing proper military reliefs for Madagascar, the cabinet was compelled to resign.

It is feared that the present cabinet crisis may have serious effects. It seems probable that a presidential crisis will ensue. In fact, it has been argued by some of the deputies that the resignation of the presidency by M. Faure is part of M. Bourgeois' plan. The two chambers would have to meet together as one, the national assembly to elect a new president. M. Bourgeois believes that he could control the national assembly as one body, though as two chambers the senate is against him. He would, it is said, endeavor to secure amendments to the constitution from the national assembly which would put the cabinet beyond fear of harm from the senate alone and make it accountable to the deputies, after which M. Faure would be re-elected president and M. Bourgeois, reappointed premier, would be secure in his lease of power.

BULUWAYO CUT OFF.

Break in Telegraphic Communication With Beleguered Town.

Capetown, April 24.—Telegraphic communication with the town of Buluwayo has been cut off at Fig Tree. The latter is a small place near Mangwe, southwest of Buluwayo. The break cuts off all means of communication by wire with Buluwayo, and, in view of the serious condition of affairs there, causes considerable anxiety. A repairing and scouting squad has been sent out from Mangwe in the direction of Fig Tree. There was no change in the situation when Buluwayo was last heard from, and it is hoped the break may be due to an accident or simply be the work of a marauding band of Matabeles.

London, April 24.—Detachments of the King's Royal Rifles, stationed at Dover, and the Irish Rifles, quartered at Brighton, have been ordered to hold themselves in readiness to proceed immediately to south Africa.

STIR IN INDIANA.

Charges Made Against Chairman Gowdy of the State Committee.

Indianapolis, Ind., April 24.—A good deal of stir has been created in Indiana politics by the existence of some of the letters that have passed between Chairman Gowdy of the republican state committee and Mark A. Hanna, McKinley's manager, which have fallen into the hands of a well-known republican. The letters are said to show a systematic effort to break down the political prestige of Harrison by the insinuation of newspaper paragraphs derogatory to him.

"I have nothing to say about the matter," said Chairman Gowdy, "further than I have understood for two or three days that they have possession of two of my letters to Hanna, and I don't know how many of his to me, and the burden remains with them to show how they got them. Yes, I know what letters they are, but do not care to say anything about the character of them."

If the possessor of the letters decides to give them to the public, the effect would be difficult to predict, but the chances are that some sharp feeling would be stirred up in Indiana.

EIGHT FOR M'KINLEY.

Illinois Conventions Instruct for the Ohio Candidate.

La Salle, Ill., April 24.—The republican congressional convention for the 11th district selected Duncan McDougall of Ottawa and Gen. Henderson of Princeton, delegates to St. Louis. Mr. Mayo called in question the reliability of Gen. Henderson as a McKinley man and stated that no man could represent this district in a republican national convention who was not in favor of McKinley. Gen. Methodist Women Lose.

Cleveland, Ohio, April 24.—The proposition to admit women as lay delegates to the general conference of the Methodist Episcopal church has been defeated by a very narrow margin. The vote of the North Dakota conference was received here Thursday. It was the last to be taken on the proposition. The total vote is shown to be 7,515 for the admission of women and 2,529 against. According to a provision of the discipline it is necessary for a proposition to change any of the restrictive rules of the church to receive the support of three-fourths of the members of the annual conference voting for the proposition and two-thirds of the members of the general conference. According to the figures issued the women have lost by just 18 votes.

Confesses the Murder.

Holland, Mich., April 24.—Raymond Coates and Mrs. Lawrence, charged with the murder of Enos W. Lawrence, were brought here from Grand Rapids Thursday morning for a hearing. They waived examination and were bound over to the August term of circuit court, and were taken to the county jail. While at the jail here Coates confessed to an acquaintance that he had murdered Lawrence. He says he crept downstairs while Lawrence was asleep and "fixed him" with a bar of iron. He then bound the body with ropes and with a horse and sulky took it to the bridge and threw it into the river. He did not implicate the woman.

PRESIDENT SCORED BY PROF. ELIOT

THE FOREIGN POLICY BITTERLY ATTACKED.

The Head of Harvard University Says Some Harsh Things at the Conference For Inter-National Arbitration at Washington—Cardinal Gibbons Sends His Regrets.

Washington, April 24.—The conference for international arbitration, which has been very harmonious, closed Thursday night with a mass-meeting in Allen's opera-house, in the course of which President Eliot of Harvard university, severely arraigned the foreign policy of President Cleveland and his fellow townsman, Secretary Olney. The personalities which President Eliot uttered in cool, measured tones were so pointed that they created a decided sensation. He began by referring to the criticism of a Harvard graduate upon the assembly as inopportune. The country has been surprised and discouraged at the immense war spirit it had encountered, he said, and continued:

"Only four months ago we saw by the message of President Cleveland that compulsory arbitration was to be entered into by two of the nations. We learned that months before the secretary of state had issued from this capitol papers of a most remarkable tenor, which, between individuals, would seem at least exasperating. Then when grave propositions were laid before the legislative branch of the government, that we thought might be depended upon to consider them deliberately, we were painfully surprised to see that such deliberation could no longer be depended upon."

The other speakers were Bishop Keane, Randolph Tucker of Virginia and President Patton of Princeton university.

A letter of regret because of inability to attend was received from Cardinal Gibbons addressed to the Hon. Gardiner G. Hubbard. Cardinal Gibbons said in part:

"Let us cherish the hope that the day is not far off when the reign of the prince of peace will be firmly established on the earth; when the spirit of the gospel will so far sway the minds and hearts of rulers that standing armies will yield to permanent courts of arbitration; that contests will be carried on in the council chamber instead of on the battlefield and decided by pen instead of sword."

After adopting suitable resolutions and appointing permanent committees the conference adjourned sine die.

FREE-SILVER MEN ALERT.

Will Attempt to Capture National Prohibition Convention at Pittsburg.

Pittsburg, Pa., April 24.—This city continues to be the center of the most intense interest among the prohibitionists of the entire nation. The contest between the two elements of the party for the control of the national convention here May 27-29 increases in vigor every day and there are very few of the temperance people who are not now participating actively in the controversy. The broad platform or "free silver an flat money" men are elated over the success of their propaganda in the last few weeks. New England, New York and Pennsylvania are relied upon by the single issue people as their stronghold. The Pennsylvania delegation will be selected by a state convention at Philadelphia on May 6. The "one-idea" men are claiming the delegation will be solid in favor of their policy. The "broad-gauge" men are equally confident they will control it. Last year the state convention was held in this city and a free-silver plank was defeated by about a dozen votes.

The presidential contest seems to be narrowing down to Bentley of Nebraska and Levering of Maryland as representatives of the two elements. Rather lively booms are also being worked up for Bain of Kentucky, Bascom of New York, Hill of Georgia, and Thompson of Ohio.

Question of Bimetallism.

Brussels, April 24.—The advocates of bimetallics of various nations in conference here have passed a resolution favoring the discussion in the French and German parliaments of similar resolutions to those which have been introduced in the Belgian and English parliaments. London, April 24.—The under secretary of state for foreign affairs, Mr. George N. Curzon, answering a question in the house of commons, said that the negotiations with the United States regarding Venezuela were proceeding and it was not advisable to make a statement on the subject until they were concluded. Mr. Curzon also said that the government unquestionably hoped for a favorable termination of the Venezuelan negotiations.

SECTARIAN INSTRUCTION CHARGED Supt. Emery Sends Circulars to All School Superintendents.

State Superintendent J. Q. Emery is sending out circular letters to all school superintendents, town and district clerks in the state, asking information in regard to sectarian instruction in common schools. The circular says that complaints have been made at the superintendent of instruction's office by residents of various school districts that sectarian instruction is being given in some of the schools of Wisconsin supported by the state. The circular contains quotations from the constitution and school laws. Continuing it says: "It seems clear that the constitutional meaning of 'common school' in the law is a school that is legally conducted by a legally formed school district, and that is free and without charge for tuition to all children between the age of 4 and 20 years, and in which no sectarian instruction is allowed, and that a school district that has not maintained for a year a 'common school' within the meaning of the constitution has not earned the right to share for that year in the distribution of the school fund income. The supreme court has decided that 'sectarian instruction' within the meaning of the constitution is instruction in religious doctrines which are believed by some religious sects and rejected by others. If it is found that sectarian instruction within the meaning of the law is being given in any common school Mr. Emery proposes that such school shall not share in the division of the school fund income.

"CUCKOO" COLLINS IS RUN TO EARTH

CHICAGO POLICE THINK THEY HAVE THE SPRINTER.

He is Charged With Stealing a Tray of Diamonds From a Denver Jeweler—He Denies the Charge and His Identity But Answers the Description.

Chicago police think they have caught James Collins, alias "Cuckoo," the well known runner, who is charged with stealing \$5,000 worth of diamonds. The Chicago Dispatch of last night said: "Detective Sergeants Plunkett and Fay of the Central station, last night arrested a well dressed young man, who is believed to be 'Cuckoo' Collins, a notorious diamond thief for whom a reward of \$1,000 is offered by a jewelry firm of Denver, Colo., from whom he stole \$5,000 worth of jewels.

"When arrested at Twenty-Second street and Armour avenue at 12:30 o'clock last night the young man gave the name of McCarthy and claimed to be from New York. This morning he told the officers that his right name was John Ohlanshagen, and that his home was in Buffalo.

"The circular sent out by the Denver police bears the photograph of 'Cuckoo' Collins, which Ohlanshagen resembled, and the description is answered perfectly, even to a gunshot wound in the hip. He denies any knowledge of the theft, however, and claims to have been in Denver but once in his life.

"About 5 o'clock in the evening of March 9 a well dressed man about 24 years of age, entered the jewelry store of Gottlieb and Sons, on Sixteenth street, Denver, ostensibly to buy some diamonds. While being shown some precious gems he snatched a tray containing \$5,000 worth of diamonds and made his escape."

Collins is well known in this city where he has frequently made long visits. His mother resides at Edgerton.

ALL HAIL THE EFFICIENT FOUR

"Democrat" Likes Their Vote on the "Burnham Resolution."

EDITOR GAZETTE:—So it was after "much thought" that Mr. Burnham offered his honest, manly resolution. Thanks are due to Alderman W. B. Stoddard for his sound, honest policy. Jones and Inman will stand, also, on record as true, honest city officers. We need a majority of such men in our city council, and we will only get them. The old crank turners will need quite a different kind of lubricant before long. "Hobbyish?" Well that sort of hobbies are much to the credit of the hobbyists and for the financial welfare of the citizens of Janesville. All hail the four—Burnham Stoddard, Jones and Inman. DEMOCRAT (who is he?)

BIRDS ARE PROTECTED BY LAW Boys Must Be Careful How They Kill The Songsters

Now is a good time to remind the boys that it is against the law to kill any song birds or to destroy their nests or eggs. So many birds have disappeared in late years that the authorities have been called upon to be vigilant in watching for cases of bird killing, and to prosecute and punish in every instance when the facts become known.

THE OVERFLOW OF LOCAL NEWS.

MIDNIGHT TRAIN IS A FLYER

The New Engines Make Reduction in Time Possible

The midnight vestibule train which gets here at 12:45 a. m. is now a "fast train." It is due to leave Chicago at 10:15 and gets here at 12:45, but Wednesday, after leaving Chicago on time, the train was delayed at several stations on the road. At Harvard it was put back several minutes by the "fruit train" from California, but in spite of these set backs, arrived in Janesville at 12:52, making the distance from Harvard to this city at the rate of fifty-three miles an hour. Engineer Henry Miller and Conductor Frank Pechin being in charge. Sunday evening the train left the World's Fair City at 10:45; or a half hour late, but arrived in Janesville at 12:47.

"This fast time is made possible by the new engines," said an engineer; "and with the old-time locomotives, such speed would be well nigh impossible."

In order that the midnight express may make better time, two cars that have always been attached to that train, have been transferred to the "paper train," which now goes clear through, instead of stopping at Elroy.

Sharon people claim that the change inflicts a hardship on them, and they are seeking a remedy. The midnight train does not stop at that station under the rule, consequently Sharonites can only get half a day in the big city, unless they stay over night. Some of the people of that village claim that the company agreed to stop all its trains at Sharon when the land was granted at the time the road was constructed and if there is any such agreement in existence it will probably be brought forward now.

CONCERNING BICYCLE "GEARS."

Two Tables That Will Be of Interest to Wheelmen.

Here are a couple of tables, condensed within a small space, which tell more about bike gears at a glance than a long string of explanation. The gearing of the bike is an operation of extreme importance. One of these tables will tell you about the gear and the other will tell you how far a particular gear will carry you, and how many revolutions are necessary to carry you over a mile of road. As almost every bicycle is fitted with 28-inch wheels, the following table is based on that size of wheel:

Teeth in Sprocket.	Gear.
16x6	74
16x7	64
16x8	56
17x6	68
17x7	59
17x8	52
18x6	84
18x7	72
18x8	63
20x6	93
20x7	80
20x8	70
22x6	102
22x7	88
22x8	77
24x7	96
24x8	84

Another table which is quite interesting is the following, which shows the distance covered at each turn of the pedals and the number of revolutions made in a mile:

Gear in inches.	Feet per revolution.	Revolutions per mile.
56	14.66	360.16
57	14.92	355.83
58	15.18	347.73
59	15.44	341.83
60	15.70	336.30
61	15.97	330.62
62	16.23	325.32
63	16.49	320.19
64	16.75	315.22
65	17.01	310.40
66	17.28	305.73
67	17.54	301.38
68	17.80	296.63
69	18.06	292.33
70	18.32	288.04

CHECK WHEELS AT THE CHURCH

Rev. Jenk, Lloyd Jones Starts a New Departure at Chicago.

The Rev. Jenkin Lloyd Jones of Chicago, the former pastor of All Souls church, announced last week that all wheelmen who attended the Sunday morning services at Oakland Music hall would have their bicycles taken care of and as a result of this announcement a number of people who ride the wheel were present. It was the first trial in Chicago of the experiment of checking the bicycles of church-goers at the door of the house of worship, and the result was all that could have been expected. When seen after services the Rev. Jones said: "Yes, I regard the experiment as a success. Of course I did not spend my time looking around to see whether any bicyclists were present or not, but so far as my observations went, a number of men were there whose trousers stopped at the knee, and I also caught a glimpse of a few women in the regular bicycling costume. After the sermon I talked to Janitor Livingston and he told me he had checked quite a number of wheels. I know of no reason why men and women should not come to church arrayed in their bicycling suits if they like that sort of thing."

THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease, it is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery for dyspepsia and digestion comes as a most welcome addition to the list of meritorious remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but possesses the peculiar power of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jennison recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach troubles, and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Harlandson speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children.

Stuart's Dyspeptic Tablets are sold by all druggists at 50c. per package and a trial will convince anyone of their merits.

The doctor may be a good old man, but even so, medical examinations and the "local application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y. Doctor Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

WHY MAYOR BAINES DIDN'T SIGN NOTES

REASON "IRREGULAR PROCEEDING" WAS UNNECESSARY.

The City Got \$15,000 More, During His Term Than Was Received During Mayor Thoroughgood's Administration From Saloon Licenses. Ex-Mayor Reluctantly Speaks.

"I suppose, Mr. Ex-Mayor, you have read the mayor's message; what is your opinion of it?" was the question that a Gazette man asked ex-Mayor Thoroughgood this morning.

"Oh, I do not care to say much about it," Mr. Thoroughgood answered. "I am well acquainted with Mayor Baines, and should not be asked for my opinion. However, the general tone of the message makes me think that the city was founded on wrong lines, and has so continued up to date. According to the message, the city needs a turning upside down—reconstruction, if you please."

"How about what he calls the 'irregular way of borrowing money on the mayor's notes' during your administration?"

"No one knows better than Mayor Baines, that I consulted some of our best attorneys, among them ex-Mayor Winans and found that this plan was the only one by which funds could be raised for current expenses, and to enable the city to pay the laborer in cash for his work, instead of with promises to pay, as was the usual custom."

"Legacy" Wasn't Mentioned.

"Mayor Baines could just as well have said, when stating 'what we have done since my last message,' that he was left a legacy of \$10,000 from the license fund, to work with."

"What do you think of the 'Burnham resolution'?"

"I do not think that any flaws can be found in it. In my judgment, it is a business-like proposition, and, I do not see any reason why a city can or shall be run on any lines other than business ones."

"Do you not think the message of rather a poor brand?"

"Now that is asking rather too much," the ex-mayor replied. "As I stated, I am personally friendly toward the mayor. He has spoken his piece according to his own ideas, although I think a man would get, by reading between the lines, the idea that some of the suggestions were hatched in another nest. The tax payers will form their individual opinions of whatever ideas are advanced in a mayor's message. In my judgment there are very many suggestions embodied in Mayor Baines' message, that would have been good thing to leave out. I have reference to the attempt to show so much of 'what we have done since my last message.' The tax payers know all about that without further posting. It should be understood that the people, by their vote increasing the saloon license to \$500, increased the revenue of the city at least \$15,000, thus relieving the present administration from an embarrassment under which former administrations were forced to labor, so there is no room for 'crowing' on that point."

ONLY A FEW WEEKS MORE

Rosenfeld's Sale To Be Of Short Duration.

Rosenfeld's discontinuance of business sale lasts a few more weeks only. Remember Rosenfeld has sold entire winter stock of all descriptions in bulk to outside parties to be delivered on our closing day. Therefore there is only left the new spring stock bought for this season's trade and if the people of Janesville don't want these goods at song prices in the few weeks we have got to do business in Janesville, we assure you that we will pack them up and there are other places in this world they do know what bargains are when they are thrown out to them. We believe that Janesville is entitled to our bargains as we have done legitimate business here at a profit, and we are now willing on account of retiring from the retail business to offer them our bargains. From Saturday, April 24, we will make a cut so deep on the prices of this stock that we expect to do rushing business. Come and see. New men's spring suits sell for \$5.00 worth \$15.00; boys' suits sell for \$4.50 worth \$12.00; children's suits \$1.50 for \$1.50 worth \$4; single pants, all-wool, \$1.25, regular \$3.50 goods. Mothers' Friend waist, regular 75 cent goods, 35 cents; knee pants, 15 cents; 4-ply linen collars, 8 cents; cuffs, 12 cents; 25 dozen working shirts, regular 75 cent goods, at 25 cents. Everything left in the house the knife has been put in deep. Make your own prices, only come and see the goods and you will never have to kick that you have not bought goods right. Yours truly, S. Rosenfeld, proprietor.

FRIENDS BOOM CHIEF ACHESON

They Are Working to Secure His Nominations For Sheriff.

Many Rock county friends of Chief of Police Theodore L. Acheson are quietly at work to advance his interests as a candidate for the republican nomination for sheriff claiming that his experience qualifies him for the place and that previous candidacies have strengthened his claims materially. His backers, it is said, are meeting with considerable encouragement.

BIG CLASS OF BOYS WILL GRADUATE

HIGH SCHOOL RECORDS ARE BROKEN.

Twenty Young Men are Expected to Finish the Course and Get Their Diplomas Next June—Class on the Whole is a Unusually Large One.

The largest class that ever got diplomas from the Janesville high school, will graduate next June, and the scholars are all working hard to make a good showing. Whether all the pupils will "stick to the end" cannot be told, but one point is settled; it will be the largest class that ever left a Janesville school, and in fact one of the largest on the record of Wisconsin's high schools.

Another thing that affords the school authorities much pleasure, is the fact that an unusually large number of young men will be graduated. Ordinarily the class has been composed largely of young ladies, and the male graduates were conspicuous for their absence. This year, however, it is different, and it is expected that twenty young men will finish the course, and get their diplomas. This showing is a good one for Professor Mayne, and demonstrates that the problem of "how to keep the boys in school" has been solved.

Plans for the commencement exercises are not yet complete, but President Goldin says the exercises will be held in the opera house, as the largest room in the new High school would be too small to accommodate the audience that will be present.

SOLDIERS MUST WORK OR QUIT. Captain Hanson Issues Strict Orders to the Light Infantry.

When the members of the Light Infantry met for drill last evening, Captain Hanson read a few orders that the men will not be likely to forget. For some time past the men have been irregular in attendance at drills, and Capt. Hanson last night stated that in the future any private who misses a drill between now and the next inspection will be fined \$1. If this fine is not paid such member will receive a dishonorable discharge, while all non-commissioned officers who miss two drills between now and inspection will be reduced to the ranks, and a small fine imposed. Captain Hanson proposes to make the members toe the line or fill their places with men who will.

BENEATH DEATH'S DARK CLOUD

Facell B. Carle.

Miss Parnell B. Carle, eldest child of Levi B. Carle, died at the home, 305 St. Lawrence Place, at 9 o'clock this morning. Had she lived until June 25 next, she would have been thirty-seven years of age. She was born and raised in this city.

Miss Carle's health was never vigorous, and was put to a severe test during the long illness of her mother. She was untiring in her care, and spared herself no effort, almost utter prostration following the shock of her mother's death. Heart trouble and a severe bronchial affection were manifested, and it was failure of the heart that caused her death.

Miss Carle was not one to stand aside when there was need for service. In her home she did much to take from father and sister the keen sense of their bereavement, and to fill the place made vacant. In Court Street M. E. church she was a potent force. She did much to render the Sunday school organization effective, and was a leader in many of the moves undertaken by the young people. In church and Sunday school as in the home, she will be sorely missed.

Funeral arrangements have not yet been completed.

PUPILS WILL CELEBRATE ARBOR DAY THIS YEAR.

Exercises Will Be Held in All the Schools in the Morning While Athletic Contests Will be Held at the Fair Grounds in the Afternoon—Ball Game Arranged.

Janesville pupils will celebrate Arbor day this year in a novel manner, and Superintendent Mayne says that all former efforts will be eclipsed in every way. The programme planned provides for devoting the entire morning, at all the schools, to special exercises, while the afternoon will be given up to a "field day" at the fair grounds. Competition will be open to members of the High School Athletic association only, and the winners will be sent to Madison on June 6 to represent Janesville in the state high school athletic contest. The events to be competed in include a tug of war, three legged race, ball throwing, girls rifle shooting, mile run, one-half mile run, one-fourth mile run, putting shot, hammer throw, broad jump, running broad jump, bicycle race, pole vault, hurdle race, one hundred yard dash and two hundred yard dash.

A telephone message was received from Beloit this morning stating that the Beloit High school base ball team would play here on that afternoon, it being the first game of the season for the home team.

A small admittance fee will be charged and the exercises will begin at two o'clock.

WHAT SORT OF ADS DO WOMEN READ?

THEY WILL TELL FOR THEM-
SELVES MAY I.

Lively Interest in the Ten Dollar Com-
petition is Shown—Store News is
the Best Kind of News to Hun-
dreds of Readers—Who Get the
Greenback.

What sort of an ad. has most influ-
ence on women?

Every advertiser in town wants to
know and The Gazette competition
will give him a chance.

Women are taking a lively interest
in the prize offer.

Several are making from six to a
dozen lists each, in this way giving
themselves the benefit of every doubt
when three or four ads. seem to be
equally good.

The ads. that they choose as the
most effective will be reproduced in
miniature when the competition ends.

One thing about good ads.—they
are newsworthy. Women are interested—
deeply interested—in NEWS about
dry goods, about shoes, about house
furnishings, about groceries. She
finds such news profitable reading, for
every saving she makes leaves her with
just that much more pin money.

Store news, properly reported and
properly edited may be just as inter-
esting as any other part of the paper.

If you haven't begun clipping the
"best ads." see that you begin to-
night. The ten dollar bill may go
your way as well as anywhere else.
These are the conditions:

One display ad. is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
chose.

The best ad. for each day will be determined
by counting the ballots sent in at the end of the
month. No ad. is to appear twice in one list.

The contest is confined to display ads—not
reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad." under the terms of this contract, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
and the typography poor, the ad. that brings re-
sults, is the best ad. of the world over.

The ad. that makes a hundred people say
"That's a fine ad." is good, but the ad. that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready.

A POISONED LIVER.

Don't Keep Poison In Your Body Longer Than You Have To.

If your stomach poisons your liver the consequences may be serious.

What poisons arise in your stomach come from undigested food which has decomposed there. They are absorbed by your blood and go down to your liver, where they paralyze its functions and make you bilious.

Finally they go into the blood again and are carried all over the body, disordering your different organs, and perhaps making you dangerously sick.

This is the origin of many diseases which are not always known for what they are.

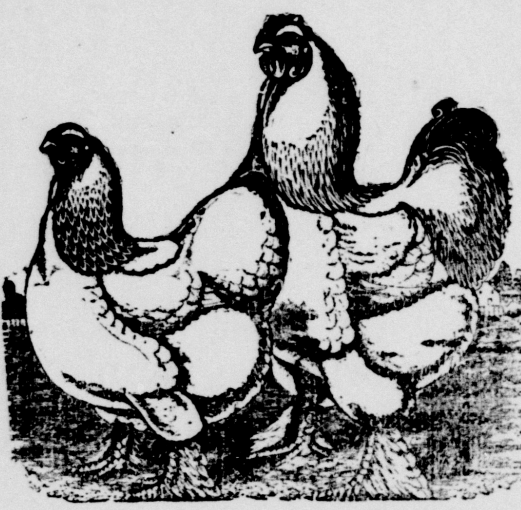

The poisons of undigested food can only be got rid of by the use of a purifying, strengthening, digestive tonic, like the Shaker Digestive Cordial.

A few doses of this wonderful cordial will soon clear away all undigested, fermenting, poisonous substances, restore your appetite, aid you to digest your food, purify your liver and blood of all dangerous poisons, and restore you to perfect health.

It will cure biliousness, indigestion, nausea, headache, dizziness, mental depression, weakness, fever, flatulence, constipation, loss of appetite, bad taste in mouth, stomach-ache, anæmia, rheumatism, etc., where other medicines will barely give relief.
